# PHARMACY & DRUGSTORE

Electronic shelf labels provide the right information at the right time

Delfi TECHNOLOGIES

# PRECISE, FLEXIBLE AND EFFICIENT

Enriched and up-to-date information at the shelf edge is useful for both staff and consumers.

## MORE TIME FOR CUSTOMER SERVICE

Optimize your time. Breece System releases time for customer service. In addition, staff can view important information directly at the shelf edge - such as sales statistics, inventory levels, etc.

## FULL AUTOMATION

Use automated product and price adjustments, implemented with minimal effort. Explore the possibility of deploying promotions faster and send them directly to the shelves - in real time.

## PRICE INTEGRITY

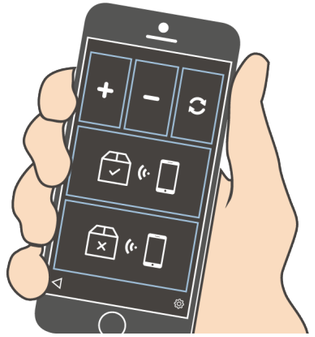
Product and pricing information is retrieved directly from your own ERP system, ensuring that your customers always get the correct price at the shelf edge.

## GETTING STARTED FAST AND SIMPLE

Getting started is just a click away with our cloud-based solution. This means that you can access your installation from anywhere, anytime.

## MANAGE SOLUTION AT THE SHELF

Manage your solution from the shelf edge with Breece Mobile / Mobile Assist. Remerchandising and linking / unlinking products to electronic shelf labels is done directly at the shelf edge where your customers are.



# BREECE ESL

## The best solution for pharmacies and drugstores
